

New Member of the Marquardt Management Board

- Dr. Kristjan Ambroz becomes Chief Officer Mechatronic Devices
- Focus on expansion and development of existing and new business areas

Germany, Rietheim-Weilheim, April 3, 2023 – The Marquardt Group has a new Executive Board member: Dr. Kristjan Ambroz (44) will join the Board of the globally operating family-owned company as Chief Officer Mechatronic Devices on April 17, 2023. In this role, he will be responsible for sales and business development in sectors such as heating, ventilation and air conditioning, white goods, cleaning equipment, power tools and industrial applications.

"With Dr. Kristjan Ambroz, we have gained a highly experienced international colleague. His extensive expertise in the development and expansion of existing and new business areas fits perfectly with our global growth strategy. This includes even more intensive penetration of markets such as white goods, where Marquardt has always been strong and contributes to more resource efficiency, safety and comfort with innovative solutions," says Dr. Harald Marquardt, Chairman of the Executive Board of the Marquardt Group.

Dr. Kristjan Ambroz comes from Continental AG, where he was most recently responsible for the country organization of the Tire Division in Russia as General Director. He also served as Managing Director of various subsidiaries of the automotive supplier. Before joining Continental, Dr. Kristjan Ambroz worked for the management consultancy Vanguard Strategy in London and taught and conducted research at the Institute of Business Administration at the University of St. Gallen, Switzerland.

About Marquardt

Marquardt, a family-run company founded in 1925 and based in Rietheim-Weilheim, Germany, is one of the world's leading manufacturers of electromechanical and electronic switches and switching systems. The products of the mechatronics expert are used by many well-known customers in the automotive industry and include operating components, vehicle access, driver authorization systems and battery management systems. The company's systems are also used in household appliances, industrial applications and power tools. Marquardt Group employs approximately 10,200 members of staff worldwide at 21 locations in four continents. The company generated 1.3 billion euros sales revenue in the fiscal year 2021. Each year, Marquardt invests around ten percent of its revenues in research & development.
